STARS VIPERS KATY CLUB STUNT

WHAT IS IT LIKE TO PLAY STUNT?

In January 2023, STUNT was recognized as an 'Emerging Sport for Women' by the NCAA DII. As a new form of competitive cheerleading, STUNT is performed in a head-to-head, 4-quarter format. Each quarter focuses on different elements through compulsory routines of varying skills, dependent upon age category. For 8U teams, there are 3 potential levels of play, while 11U, 14U, and 18U have a potential of 6 levels. A full game of STUNT typically lasts about 45-60 minutes. Scoring officials will determine the number and degree of errors made by each team during play. The team with the fewest deductions is declared the winner of each round, receiving points toward their final score. That team also gets to call the next play! The team with the highest point total at the end of the game wins.

Quarter/Round of Play

Quarter 1:	Partner Stunt
Quarter 2:	Pyramid & Tosses
Quarter 3:	Jumps & Tumbling
Quarter 4:	Team Routine

2023-2024 Age Grid

Division	League Age (As of June 1, 2023)
8U	5-8 years old
11U	8-11 years old
14U	11-14 years old
18U	14-18 years old
18+	18-25 years old

ALL-STAR & STUNT

All Star athletes can participate in both programs!

The two programs are different in format, but the skills, level of competition, and camaraderie are equally beneficial for athletes at each age and skill level. STUNT games/tournaments run from September through December, so there is little overlap with All Star nationals competition season.
